

HELP THE JUNIORS MAKE GRAB BAGS FOR THE SCHOLARSHIP BOOTH

EASY GRAB BAGS

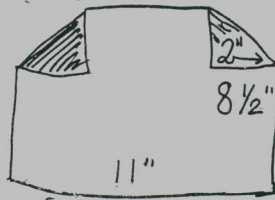

Idea From The Gates Rockhound of 2/94 and Jim Olsen

The easiest method of cutting out grab bags is to first cut out a cardboard pattern 8.5 x 11". Lay the pattern on the material and trace around it with white chalk. Cut out the material.

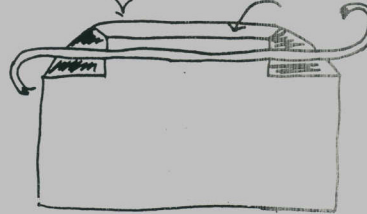

The strings are made of any heavy cord cut into 24" length. Rug yard is good, strong and colorful. Do not use string or thin thread; they can't be tied/untied easily.

Follow the diagrams below to sew. Before sewing, press the folds with a hot iron or crease with fingers to make the sewing job easier.

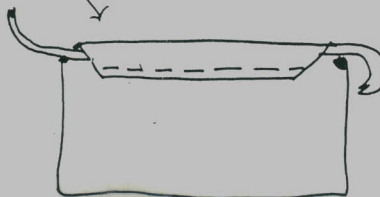

- ① About 2".
Fold the corners.

- ② Fold over 1/4" and crease.
Lay cord in place.

- ③ Fold over again and stitch.

- ④ Fold in half.
Stitch across bottom and side.
Knot each cord and turn right side out.
